

Case Study: A London University

- In January 2015 the university installed *5 x ChargeBox Max stations* across 2 of their library sites.
- In response to growing student demand, a further *19 stations* were installed across 5 sites in 2015 and a further *7 stations* were installed in 2016 bringing the total number of stations to *32*.
- As awareness of the service spread, the number of charges dramatically increased year on year:

	2017	2016	2015	2014	2013
Quarter 1	50343	42764	5005	0	0
Quarter 2	33482	42127	7281	0	0
Quarter 3	0	27495	8377	0	0
Quarter 4	0	44410	27558	0	0
Total	83825	156796	48221	0	0
